### Type "C" ALOX

We no longer stock this good quality general purpose resin fiber disc. Limited stock is still available and it can be special ordered. Our Type A ALOX disc is our preferred offering.

### Type "A" ALOX

A premium quality resin over cloth fiber disc recommended for most metals including stainless steel. A special grinding additive provides cool performance.

### Type "AZF" ZIRCONIA

Alumina zirconia (BLUE) for extra long life on tough jobs. Excellent on stainless steel. The best value for heavy production work.

### Type "S" SILICON CARBIDE

Silicon carbide is recommended for use on granite, marble, masonry, and other non-metallic materials.

### Quick Change

All resin fiber discs can be ordered with a 5/8-11 metal hub. Add \$0.40 to the list price. Minimum order is 1,000 discs of the same diameter. Allow 3-4 weeks for shipment.
