## DIAMOND POLISHING PADS

Kasco diamond polishing pads are an economic choice while providing good quality performance. They are available in a grit range of 50 to 3000. Ideal for polishing marble and granite. Order individually or in sets. Our #151409 backup pads fits tools with a 5/8-11 arbor and it has the water injection holes. The diamond polishing pads attach to the backup pad by a strong hook & loop connection. Wet pads are for shop use where water cools the work piece and controls dust. Dry pads are more costly and are for onsite polishing.
